

DISABLED PUPILS POLICY

Applications from disabled pupils are welcome.

The school is fully aware of the Disability Act and has taken steps to ensure that, as far as possible, it complies.

Every effort is taken to ensure that a disabled pupil can take full part in the activities of the school. In this area the school has:

1. Access points for wheelchairs
2. Disabled toilets on all floors
3. Lift access to all floors
4. Car parking bays for Disabled Badge holders

If required, curriculum notes can be given to a disabled pupil in a range of formats. From 2009 all classrooms will have been networked giving access to ICT support.

This policy is reviewed on a regular basis and any disabled applicant for a place in the school will be treated on an individual basis.
