

PLYMOUTH COLLEGE

STATEMENT OF ETHOS & AIMS

Plymouth College seeks to produce happy, knowledgeable and caring pupils who gain confidence and reach their full potential in a safe, stimulating environment where all are known and understood.

The School aims to educate, enrich and empower young people and, above all, we wish to see our pupils become independent and self-sufficient citizens who will succeed and contribute responsibly as members of a global community.

The School is a caring community in which every individual is of equal importance and in which we seek to work together for the benefit of all members of the community.

Whilst academic achievement is a high priority, we also recognise and develop each person's talents which may lie in other areas. Our intention is to ensure that every pupil excels as an individual in whatever sphere they wish, whilst broadening their interests by pursuing a variety of activities.

The School is of a Christian tradition and helps pupils to become familiar with the tenets of the Christian faith. Pupils of other religious beliefs and none are welcome and we celebrate diversity.
